3. NEW BUSINESS
   A. TBD RESOLUTION NO. 2014-01, AMENDING THE MEETING SCHEDULE 8:32 PM

   B. TBD RESOLUTION NO. 2014-02, ADOPTING A MATERIAL CHANGE POLICY 8:32 PM

   Chair Ward entertained a motion to adopt the policy, which was moved by Boardmember Roth, seconded by Boardmember Blair and approved 6-0.

   C. POTENTIAL PROJECTS AND FUNDING OPTIONS [ADDED] 8:33 PM
Public Works Director Loveless gave a brief overhead presentation showing RCW criteria, categories, estimates, and project names. He said $250,000 was budgeted for 2014. He suggested the following options: rolling the $250,000 into roads preservation, looking at the highest priority road reconstruction projects currently unfunded with federal money, package Core 40 type non-motorized improvements or defer projects and bank the money for a year or two. Boardmember Blossom recalled the money could be used to purchase right-of-way. Public Works Director Loveless thought Wyatt Way could be a project that could be submitted for federal funding consideration and right-of-way could be part of that. Boardmember Tollefson asked if the projects listed had already been prioritized to which Public Works Director Loveless indicated they did follow the relative priorities of what is included in the CIP. Boardmember Blair desired to know more about right-of-way funding and would like that information in anticipation of a decision in April. Staff will email the PowerPoint to boardmembers and will work to find a date in April to make a decision.
