

## **HARBOR COMMISSION WORK PLAN 2009**

1. Continue to assist the City Council as they choose a management plan for Eagle Harbor.
2. Continue work on ordinance 2007-34, which was submitted for adoption in 2007. Provide input and options as required for the Council to move ahead on this ordinance.
3. Consider the possible addition of floats to the COBI mooring string in Eagle Harbor and develop an annual maintenance program for the system to encourage increased transient use.
4. Provide input and planning assistance as requested, for design work of the ALEA Waterfront Park project.
5. Implement a series of meetings, focused on individual harbors, or groups of harbors, to gather citizen input regarding any necessary changes in individual Harbor Management Plans. Create new inventory information for each harbor.
6. Re-open consideration of a water ski or tubing area near Pritchard Park.
7. Continue to implement the derelict vessel removal program as necessary.
8. Review and update, as necessary, the adopted Harbor Management Plan.

### Pending work plan items:

1. Provide input and planning assistance as requested, for the acquisition and development of the potential COBI waterfront property at the WSDOT maintenance site.
