

## Strawberry Plant Design Charrette

Saturday, September 27, 2008

1pm – 5pm

Council Chambers, City Hall

You are invited to participate in a design charrette for the Strawberry Plant, a waterfront property located at the end of Weaver Avenue. The site is under design for shoreline habitat restoration and park use. If you live in a neighborhood with a community association, we strongly encourage one or two people represent your neighborhood. Materials from the charrette will be posted to the City and Park District web sites and a public comment period will follow the charrette. We only have capacity for 25 participants, RSVP is required.

**RSVP by 4pm on Thursday 9/25 to:**
