**1. CALL TO ORDER**

Council Chair Snow opened the special/regular City Council meeting of June 27, 2007 at 5:10 PM explaining that due to lack of a quorum, there would not be any decisions made during the workshop session. Councilmember's Knobloch, Snow, Stoknes, were present as was City Administrator Briggs, Directors Byrne, Konkel, Assistant Public Works Director Newkirk, City Engineer Earl, Planner Best and Administrative Secretary Jahraus. Councilmember Tooloee and Vancil arrived during executive session. Councilmember Scales arrived at 7:10 PM. Mayor Kordonowy and Councilmember Llewellyn were absent and excused. City Clerk Lassoff monitored the taping of the meeting.

**SPECIAL/REGULAR CITY COUNCIL MEETING  
JUNE 27, 2007**

**2. WORKSHOP: EMPLOYEE CLASSIFICATION AND COMPENSATION STUDY, MILLIMAN ASSOCIATES, COMPARABLE CITIES AND PAY PHILOSOPHY**

City Administrator Briggs briefly explained the purpose of the workshop and introduced Greg McNutt.

Mr. McNutt detailed how the proposed list of 16 comparable cities was developed (population base of other cities, median housing prices, demographics components such as median family income, educational level, square mileage and assessed valuation).

Questions and comments included whether any other cities outsourced and, if so, would that allow Bainbridge Island to still compare with them; what criteria made a city more comparable; what was the significance of educational level criteria; where would median income come into play on how council would decide what to pay employees; the correlation between the size of an organization and the competitiveness of pay; how levels of service and service demands had a direct impact on how competitive pay was; the high demands this community places on the organization should be considered; even as the city reflected on how competitive they wanted to set it's pay philosophy there wasn't necessarily an A to B correlation; generally speaking the city was above the median and closer to the 75<sup>th</sup> percentile in it's "benefits" package; how would reducing benefits over time reduce the competitiveness of the "total" compensation package; CH2MHill's benchmarking study found current cash compensation for salaries was close to the middle of the market so with that in mind and future intentions to lower benefits (with salaries near the middle), could the pay philosophy and pay package still be competitive enough to attract and retain employees; would the island's percentage of undeveloped land have any bearing due to more complex permitting processes, etc.; whether a council motion could override Resolution 2006-35 which stated the city would pursue average health benefits by the year 2011; how do you determine the value of total compensation package to the employees; how competitive would the city want to be (turnover #, staffing levels, how much time it take to recruit people, employee attitudes and things being asked of them); balancing the cost of government; needing to consider trade-offs (staff size and available funds in the budget for covering costs); what were the turnover rates in comparable cities; issues regarding longevity pay versus performance pay, importance and significance of the average median income and how much would the citizens wish to financially tolerate to get the services they desire and how would demographics on Bainbridge Island pay a role.

**3. EXECUTIVE SESSION: CURRENT LITIGATION RCW 42.30.110(1)(i) AND PROPERTY ACQUISITION RCW 42.30.110(1)(b)**

At 6:05 PM, Council Chair Snow adjourned the special/regular City Council meeting to executive session to discuss current litigation RCW 42.30.110(1)(i) and Property acquisition RCW 42.30.110(1)(b) and Council Chair Snow, City Administrator Briggs, City Attorney McMurray and aforementioned City Councilmembers convened in the long-range planning conference room. The recording system was turned off and the door to Council Chambers was posted. Council Chair Snow reconvened the meeting at 7:00 PM explaining there would be no decision or action.

**4. SWEARING IN CEREMONY: OFFICER JEFFREY BENKERT**

Chief Haney introduced Officer Benkert. Judge Carruthers issued the oath of office and Officer Benkert introduced his family and friends.

**5. ADDITIONS AND DELETIONS TO THE AGENDA**

City Administrator requested 11B, Blakely Elementary School Non-Motorized Improvement Project be removed from the agenda as no bids were received. Councilmember Knobloch request Chief Haney and Fire Department representative Jared Moravec to speak to fireworks as July 4 was approaching.

**6. PUBLIC COMMENT**

Police Chief Haney spoke to the rules and regulations regarding fireworks and that citations would be issued to those deciding to celebrate illegally. He said two black bears have been cited on the island and urged residents to be careful.

Fire Department representative Jared Moravec also commented on the danger and hazards of fireworks and that information was available on the fire departments website.

Scott Schmidt, BITV Executive Director, announced the addition of a second channel and that a capital funding campaign to raise funds for equipment needed was 3/5 of the way there.

**SPECIAL/REGULAR CITY COUNCIL MEETING  
JUNE 27, 2007**

Rod Stevens, 8700 Oddfellows, distributed information regarding ethical principles of practice and planning from the American Planning Association and requested the city be mindful as it moves forward.

Bob Fortner, 9631 Summerhill Lane, Bainbridge Resource Group, chose to speak about budget issues in the public session as opposed to the public comment portion because his comments were more broadly targeted at the process itself. He believed the ordinance currently being considered was addressing the symptoms of the underlying problems relating to City financial management. He spoke to bi-annual budgets, the benchmarking study, zero-based budgeting and other taxing districts finance strategies.

Ron Luke, former American Legion Post 172 commander, spoke to the council regarding the pledge of allegiance, council consideration and funding of Post 172 (identified as an emergency shelter) and he invited council candidates interested in participating in public debate.

Kristen Hytopoulos, 4630 Blakely Court East, commented on the amendments before the Planning Commission regarding zoning in the core district.

**7. ORDINANCES 2<sup>nd</sup> READING/PUBLIC HEARING: ORDINANCE NO. 2007-13, AMENDING ORDINANCE NO. 2002-11, BUDGET PROCESS AND CONTENT 07-0067**

Director Konkel introduced the ordinance before council for 2<sup>nd</sup> reading/public hearing which amended Ordinance No. 2002-11, Budget Process and Content. He explained the ordinance was unanimously recommended by the committee to be forwarded to the council for 2<sup>nd</sup> reading/public comment, that consideration be given to waive 3rd reading and that attached documents be included with the ordinance being presented this evening.

At 7:32 PM Council Chair Snow opened and immediately closed the public hearing as no one had signed up to comment.

Councilmember Vancil asked the finance committee why they felt it was important that we have the two sections on the budget in addition to what council saw earlier. Councilmember Tooloee replied the language of the motion council unanimously adopted back in November was to limit overall growth of operating expenses in future years based on a formula to be adopted by council in an ordinance prior to June 1, 2007 while allowing for variations across its components and departments from year-to-year. He further said that language was carefully considered because it controlled overall operating expenses allowing flexibility and the committee felt policy needed to apply equally to both the preliminary budget presented by the Mayor to the council and the final budget ultimately adopted by the council after it is done making the changes it deemed appropriate.

Councilmember Scales added the way the ordinance was written was that it placed the same restrictions on the council as it did the Mayor which requested both to present their budget with restrictions on growth of operating expenses to the CPI and population growth so the final adopted budget was in line with those limits.

Comments made by Councilmembers included discussion of the charts, concern with future councils being hamstrung by laying down what they could or could not do, financial capacity analysis figures, what debt service really meant, rushing to judgment with this ordinance, the kind of box we are going to put ourselves in before examining all other parameters, that when push came to shove financial entities could get their financial houses in order and forced to change, belief that the trend of historical growth in operating expenses was simply not sustainable with recurring revenues, that responsible use of debt service would require both investment and capital, a belief policy was being turned into law wasn't the right thing to do, whether trying to accomplish this by ordinance was sending the right message, what is the philosophy council was giving to the city organization/what have we heard from the community/what did the community want.

Councilmember Vancil implored council to review the proposed ordinance and come back at the next meeting with specifics about what it was they wanted to see as an alternative noting it was time to give a broad overall philosophical direction to the City.

Council Chair Snow said he had voted in favor of the prior ordinance last year however was having second thoughts in that regard. He explained he was not persuaded that it was good public policy to enshrine either a dollar limit or formulaic in an ordinance because it had a force going beyond the current year and changing it would be a lengthy process. He was not persuaded with the charts however supported putting a limit on salaries and expenses in a resolution which would be included in the Mayor's preliminary budget. He was mindful of the thrust as he understood it of the need to look at the whole operation however would not support the ordinance in its current form.

**SPECIAL/REGULAR CITY COUNCIL MEETING  
JUNE 27, 2007**

*Councilmember Scales moved to schedule 3<sup>rd</sup> reading for July 2 which was seconded by Councilmember Tooloe. After a brief discussion, the motion passed 4-2 with Councilmembers Scales, Snow, Tooloe and Vancil voting in favor. Councilmembers Knobloch and Stoknes voted against.*

**8. ORDINANCES 2<sup>nd</sup> READING/PUBLIC COMMENT: ORDINANCE NO. 2007-15, SALARY COMMISSION AB 07-007**

Council Chair Snow opened 2<sup>nd</sup> reading/public comment at 8:12 PM and immediately closed it as there was no one signed up to speak.

*Councilmember Scales moved the council adopt Ordinance 2007-15, Salary Commission. The motion was seconded by Councilmember Knobloch. Councilmember Tooloe offered the following amendment to the end of Subparagraph A under 2.74.010, Paragraph A: ...Nominees shall be presented individually, not as a slate and shall require unanimous confirmation by the City Council. Councilmember Vancil seconded the motion.*

*After brief comments and clarifying questions, Council Chair Snow stated for the record he did not think it was necessary to require they be presented individually and voted on unanimously. He called for the vote on the amendment by Councilmember Tooloe which failed 4-2 with Councilmembers Tooloe and Vancil voting in favor. Councilmember Knobloch, Scales, Snow and Stoknes voted against. Councilmember Stoknes then made an amendment to Section 2.74.040 A removing and adding the following language... any elected city official paid to all city councilmembers should be increased or decreased, the commission shall file a written salary schedule with the city clerk indicating the increase or decrease in salary. After clarification from City Attorney McMurray that legislators in Olympia clearly authorized this type of commission and authorized the Mayor, with the approval of council, to set salaries of all elected offices (even the Mayor). Councilmember Stoknes withdrew his amendment. Councilmember Tooloe made an amendment to make Section 2.74.040 Paragraphs C and D identical using the words decreases or increases. Councilmember Vancil seconded the amendment. Following cautionary comments by the city attorney not to vary from state law provisions and requirements as well as additional comments made by Councilmembers, Councilmember Vancil called for the question. Councilmember Tooloe withdrew his amendment. The original motion by Councilmember Scales to waive 3<sup>rd</sup> reading and approve Ordinance 2007-15 as submitted was unanimously approved 6-0.*

**A. ORDINANCE NO. 2007-17, 2006 INTERNATIONAL BUILDING CODE (SHB 1734) AB 07-0082**

Councilmember Vancil moved that the City Council set the 2<sup>nd</sup> reading/public hearing for July 11. The motion was seconded by Councilmember Stoknes and unanimously approved 6-0.

**B. ORDINANCE NO. 2007-19, LOCAL IMPROVEMENT DISTRICT NO. 20, MODIFYING, AMENDING  
AND APPROVING THE FINAL ASSESSMENT ROLL IN SOUTH ISLAND SEWER AB 6102**

Following staff comment on the item, Councilmember Stoknes moved that the City Council set the 2<sup>nd</sup> reading/public hearing for July 11. The motion was seconded by Councilmember Knobloch and unanimously approved 6-0.

Councilmember Stoknes requested also considering waiving 3<sup>rd</sup> reading on the agenda for July 11 on item 12 A and B after 2<sup>nd</sup> reading/public comment which was seconded by Councilmember Tooloe and unanimously approved 6-0.

**13. NEW BUSINESS:**

**A. COMMUNITY HOUSING COALITION MATRIX**

Councilmember Scales gave a brief overview. Following comments from Councilmember Tooloe regarding key deliverable and key policies being integrated into those deliverable, Councilmember Scales moved that the City Council approve of the proposed Community Housing Coalition's work program for the remainder of 2007 with the expectation CHC would provide the council with a cottage housing ordinance, a non-conforming lots ordinance, an incentive-based affordable housing ordinance and an inclusionary zoning affordable housing ordinance before the end of the year as well as completing phase I of the accessory dwelling unit program. The motion was seconded by Councilmember Tooloe.

Councilmember comments included concerns regarding CHC's ability to get it done by the year end without a dedicated affordable housing planner, private property owner concerns, and council expectations. City Administrator Briggs stated for the record there was a joint responsibility here and staff internally were not able to live up to their part until the position was staffed. She added due to the vacancy, current staffing levels were inadequate to provide complete support

**SPECIAL/REGULAR CITY COUNCIL MEETING  
JUNE 27, 2007**

to CHC for these initiatives. Council Chair Snow felt an important factor to consider was that the vacancy was unexpected and council's expectations from staff as far as its ability to provide support needed to be acknowledged. *The motion was unanimously approved 6-0.*

**B. PROPOSAL FOR FUTURE OF SUZUKI PROPERTY**

Councilmember Stoknes reported the land use committee unanimously recommended that council accept the Mayor's proposal to set up a 90-day committee for the potential alternative uses for the Suzuki property and make a recommendation back to council. *Councilmember Tooloe moved to approve the Mayor's proposal to the City Council with a recommendation to form the proposed Suzuki property committee and fund it for an amount up to \$50,000. Councilmember Scales seconded the motion.*

Councilmember Vancil suggested the motion specify formation of a "90-day" committee. She also wanted to know how the land use committee determined an amount up to \$50,000. City Administrator Briggs replied in the brief conversations she has had, she understood it to be a facilitated process as so part of those funds would for that. Councilmember Tooloe then offered two amendments to the motion: 1) change the word ~~the committee~~ to a 90-day task force and 2) ... fund it for an amount up to \$50,000 to fund the contract to be approved from monies released by the council for the sally port. *After a brief discussion, Councilmember Tooloe withdrew his amendments in the interest of council getting a request for funding for the work of the 90-day task force to be formed as soon as possible.*

*Councilmember Scales moved the City Council supports the Mayor's desire to form a 90-day task force to examine potential uses of the Suzuki property. Councilmember Tooloe seconded the motion. Councilmember Vancil asked whether Councilmember Scales would consider changing the motion to include the language on the agenda bill stating the Suzuki property as well as other publicly and privately held parcels in the vicinity. Councilmember Scales amended his motion stating the council supported the Mayor's proposal as outlined in her June 21, 2007 memorandum to the City Council titled Suzuki task force. Councilmember Tooloe seconded the amendment and then offered an amendment that a third option should be the proposal advocated by the Bainbridge Island School District. Councilmember Scales seconded the amendment.*

Councilmember Stoknes voiced concern with placing the weight of the council behind this since not knowing what we ultimately want to do with this property. Councilmember Scales said the purpose of the task force would be to provide council with the information needed to make a decision. Councilmember Knobloch stated for the record that this is a 90-day task force and hoped the recommendations would include some solid foundation for affordable housing other than that we just have a valuable piece there. *Councilmember Vancil called for the question. Councilmember Tooloe withdrew his second pending comments from Council Chair Snow. Councilmember Vancil also withdrew her calling for the question. Council Chair Snow stated for the record language should be added to made sure the decision was not a wrestling match amongst those having their own ideas on how to use the property for their own organization's interests but rather as a collaborative venture which eventually included consideration of all the needs and requirements that need to be met with using the Suzuki property one way or another. The motion as amendment was to support the Mayor's proposal to create a 90-day task force to access the possibilities for use of the Suzuki property and with the amendment for consideration of the school board's proposal will be added to the final paragraph of the memorandum that the Mayor presented was approved 5-1 with Councilmember Stoknes voting against.*

**14. CITY COUNCIL COMMITTEE REPORTS**

**- COUNCIL CHAIR REPORT**

**- REVISED COUNCIL GROUND RULES**

*Councilmember Vancil moved that the City Council meeting ground rules be approved as amended as of tonight. The motion was seconded by Councilmember Scales. Councilmember Tooloe said he was generally supportive of the ground rules however stated for the record he was uncomfortable with the amendment made to item 11n. The motion was unanimously approved 6-0.*

Council Chair Snow received council direction to add discussion of Ordinance 2007-13 regarding budget policies to the July 2 special City Council meeting agenda.

**- COMMUNITY RELATIONS**

Councilmember Knobloch reported on the committee's discussion of fireworks ordinance and ½% increase for public arts

**SPECIAL/REGULAR CITY COUNCIL MEETING  
JUNE 27, 2007**

**- LAND USE**

Councilmember Stoknes briefly reported that the 2025 committee recommendations had been placed on the land use committee agenda however the committee did not have a chance to talk about it. He asked for clarification that the recommendation of the committee discussed at the last council meeting was about establishing a growth footprint for the rest of the island and not an open space study. Councilmember Tooloe did not concur with the clarification and wanted that known for the record.

**- PUBLIC WORKS AND TRANSPORTATION**

**- COMMUTE TRIP REDUCTION PLAN UPDATE**

Councilmember Vancil reported she specifically requested the last few agenda items be included in the packet (commute trip reduction plan update, water resources and Point Monroe). She requested council to forward comments regarding commute trip reduction to Jennifer Sutton by June 29.

**15. CITY ADMINISTRATOR'S REPORT**

**- WATER RESOURCES UPDATE**

**- POINT MONROE SEWER UPDATE**

Due to the lateness of the hour, council was asked to review both updates off line.

**16. ADJOURNMENT**

The special/regular City Council meeting of June 27, 2007 was unanimously adjourned at 9:59 PM.
